

**American Society for Peripheral Nerve**  
**Program-at-a-Glance**

**Friday, January 8, 2010**

6:00am – 5:00pm	Speaker Ready Room
6:30am – 6:00pm	Meeting Services
8:00am – 3:45pm	Exhibits
9:45am – 12:00pm	ASPAN Council Meeting
12:30pm – 1:00pm	ASPAN Business Meeting (Members Only)
1:00pm – 1:15pm	ASPAN President and Program Chair Welcome
1:15pm – 1:45pm	Presidential Lecture: The History of Obstetrical Brachial Plexus Palsy
1:45pm – 2:45pm	Scientific Paper Session 1: Topics in Clinical Nerve Research I Estate
1:00pm – 3:45pm	ASPAN Poster Viewing
2:45pm – 3:25pm	Invited Lecture: The Making of Successful Axonal Regeneration: Genes, Molecules and Signal Transduction Pathways
3:25pm – 3:50pm	Joint AAHS/ASPAN Break with Exhibits
3:50pm – 5:00pm	Scientific Paper Session 2: Stem Cells and Regeneration

**Saturday, January 9, 2010**

6:00am – 3:00pm	Speaker Ready Room
6:00am – 4:00pm	Meeting Services
6:30am – 5:30pm	Exhibits
6:30am – 5:30pm	ASPAN Poster Viewing
7:00am – 8:00am	AAHS/ASPAN/ASRM Instructional Courses 201 Congenital Hand Differences: How I Do It 202 Endoscopic Cubital and Carpal Tunnel Release 203 Advances in Brachial Plexus Paralysis Reconstruction 204 Current Approaches to Functional Muscle Transfer to the Extremity Following Nerve Injury 205 Intraoperative Neurophysiology 206 Obstetric Brachial Plexus Lesions
8:15am – 9:15am	AAHS/ASPAN/ASRM Joint Panel: Partial Nerve Injuries – Clinical Dilemmas
9:15am – 9:30am	Break with Exhibits
9:30am – 9:45am	AAHS/ASPAN/ASRM Presidents Welcome
9:45am – 11:00am	AAHS/ASPAN/ASRM Joint Presidential Keynote Lecture and Panel: 1-5 The Surgeon's Role in Global Health Paul Farmer, MD, PhD
11:00am – 12:00pm	AAHS/ASPAN/ASRM Joint Outstanding Papers
1:30pm – 2:30pm	Lecture: Gene Therapy – A Strategy to Repair the Peripheral Nerve Lesion?
2:30pm – 3:30pm	Scientific Paper Session 3: Factors Affecting Functional Recovery Following A Nerve Lesion
3:30pm – 4:00pm	Break with Exhibits
4:00pm – 5:30pm	Scientific Poster Session
6:00pm – 8:00pm	ASPAN/ASRM Welcome Reception
